Hello,

I am forwarding you these documents per the request of Ex. 6 - Personal Privacy [redacted] with the Environmental Justice and Health Alliance. I live in West Virginia, have been assisting with the local group People Concerned about Chemical Safety. On Feb. 18 2014, we submitted a letter with 597 signatures to the EPA, DHS and DOL-OSHA formally requesting a listening session in Charleston WV on the President's Executive Order on Chemical Facility Safety and Security. There is strong desire for this session from local residents.

Please find attached to this email a copy of that formal letter and signatures. I am also including an excel sheet of the individual comments that some of the letter signers included with their

signature specifying why they believe that such a session would be so important.

You are also I am sure aware of the dozens of formal requests on the DHS website requesting that these agencies hold a listening session on this issue in WV. I thank you for any assistance and help you may be able to provide in this matter.

Very Best,
